

DISTRICT OF SQUAMISH

Building Division Service During the Holidays

NOTICE OF CHANGE TO BUILDING DIVISION SERVICES DURING THE HOLIDAYS

As in previous years, Municipal Hall will be closed during the Christmas and New Years Season. More specifically, the Hall will be closed from Thursday December 24, 2009 up to and including Friday January 1, 2010. During the closure, no building permit applications will be received, no building permits will be issued and regular building and plumbing inspections will not be available. Regular processing will not resume until January 4, 2010.

It is recognized that some builders may want to continue construction during this season. Therefore, during the period between December 24, 2009 and January 4, 2010, builders will have two options:

1. The builder can continue construction on the project to the point where a field review is required and then make a request for a field review by leaving a message for Building Services at (604) 815-5011. Construction must then be terminated until the required field review is carried out by a Building Official, after the Hall re-opens on January 4, 2010; OR
2. Provided that the District is notified by 4:30 p.m., Wednesday, December 23, 2009, of the builder's intention to proceed under this option, the builder may retain the services of a Registered Professional, experienced in residential or commercial construction, to undertake the required field reviews normally performed by the Building Official. The Registered Professional's sealed field review report must be submitted to the District stating, without qualification or exceptions, that the work reviewed and approved by the Registered Professional is in compliance with the BC Building Code and all relevant District Bylaws and regulations. The only limitation on this option is that the Registered Professional is not allowed to approve or permit occupancy of a building. The District must receive the Registered Professional's field review report(s) before it will resume field reviews on the construction project. Registered Professional's field review reports will not be accepted for field reviews performed before December 25, 2009 or after January 4, 2010.

If you have inquiries related to building permit and plan review matters, please allow sufficient time for staff response before Wednesday, December 23, 2009. Otherwise, a response will be provided in the New Year. Should you have any questions, please contact Morgan Campbell, Building Technician at 604.815.5011.

Best wishes for the Holiday Season and a prosperous New Year.
Mick Gottardi, P. Eng., Director of Community Development

- Fire Chief**
- Manager of Financial Services**

Further details on these positions and Job Application forms are available at www.squamish.ca.
We thank all applicants for their interest; however only those selected for an interview will be contacted.

Snow Plow Safety

Be Safe. Keep Away From the Snow Plows.

During snowfall, crews may be plowing 24 hours.

- * Snow can be thrown far by the plow.
- * Salters and sanders send material across the entire road.
- * Stay 20m back from equipment whether walking or driving.
- * Do not park on the road during a snow fall. We need the room to plow.

**SNOW
FLOW
SAFETY**

❄ Please keep children off the roads
and away from the side roads. ❄

THANK YOU!
